

# Perfect Potton?

You live in a great community surrounded by valuable countryside.

You also live in an area which is changing with increased pressure from development.

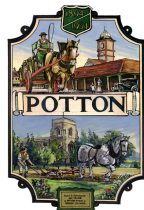

**You now also have an opportunity to have your say in how your local environment can be protected and enhanced by helping us review and refresh the Potton Green Infrastructure Plan.**

You are invited to a workshop which will help shape and prioritise actions for future enhancements to Potton's network of public access, biodiversity, heritage and landscape assets. The revised Green Infrastructure Plan will help inform the emerging Potton Neighbourhood Plan.

**Thursday 2<sup>nd</sup> March, 7.30 – 9.30pm,  
Potton Community Centre, Brook End.**
